## OBJECTIVE

---

Passionate and Seeking a position to apply my technical knowledge, skills and abilities in an organization that offers, while being resourceful.

## EDUCATION

---

**Master of Computer Application**, Lead college Expected 2027

Relevant Coursework: Data Science, Big data, Artificial intelligence, Cloud technology

**Bachelor of Computer Science**, Nilgiri college of arts and science 2019 - 2022

## SKILLS

---

**Technical skills** Python, Excel, Data Science, Data analysis

**Soft Skills** Passionate, Determination to work hard, Time management, Communication skills

## EXPERIENCE

---

**Data Associate** Aug 2023 - Jul 2025

Outline media solutions private limited *Sulthan bathery, kerala*

- Performed data annotation and labeling for images, text(categorization, metadata tagging).
- Executed data categorization for structured classification (e-commerce, NLP).
- Conducted data cleaning by identifying and removing errors, duplicates, and irrelevant entries.

## PROJECTS

---

- IMDB Recommendation system(NLP) Build a system that suggests movies to users based on their preferences and the project is truly based on content.
- Data was collected from IMDb website(live data web scraping) and ML Technique is used: Cosine similarity is used to find similarity movies based on their description.
- Technologies used: NumPy, pandas, difflib, Tfidfvectorizer and cosine similarity and Streamlit is used to deploy this project.([Github](#))

## CERTIFICATES

---

- Python for Data science certification from IIT madras (01/2023 - 02/2023)
- Data Science certification (12/2022 - 08/2023)

## INTERESTS

---

- Data storytelling and visualization
- Personal productivity and time management
- Following tech trends and AI innovations

## LANGUAGES

---

- English (Professional Working Proficiency)
- Malayalam (Native or Bilingual Proficiency)
- Tamil (Limited Working Proficiency)
